

# Installation Guide

(Fincore Mobile)

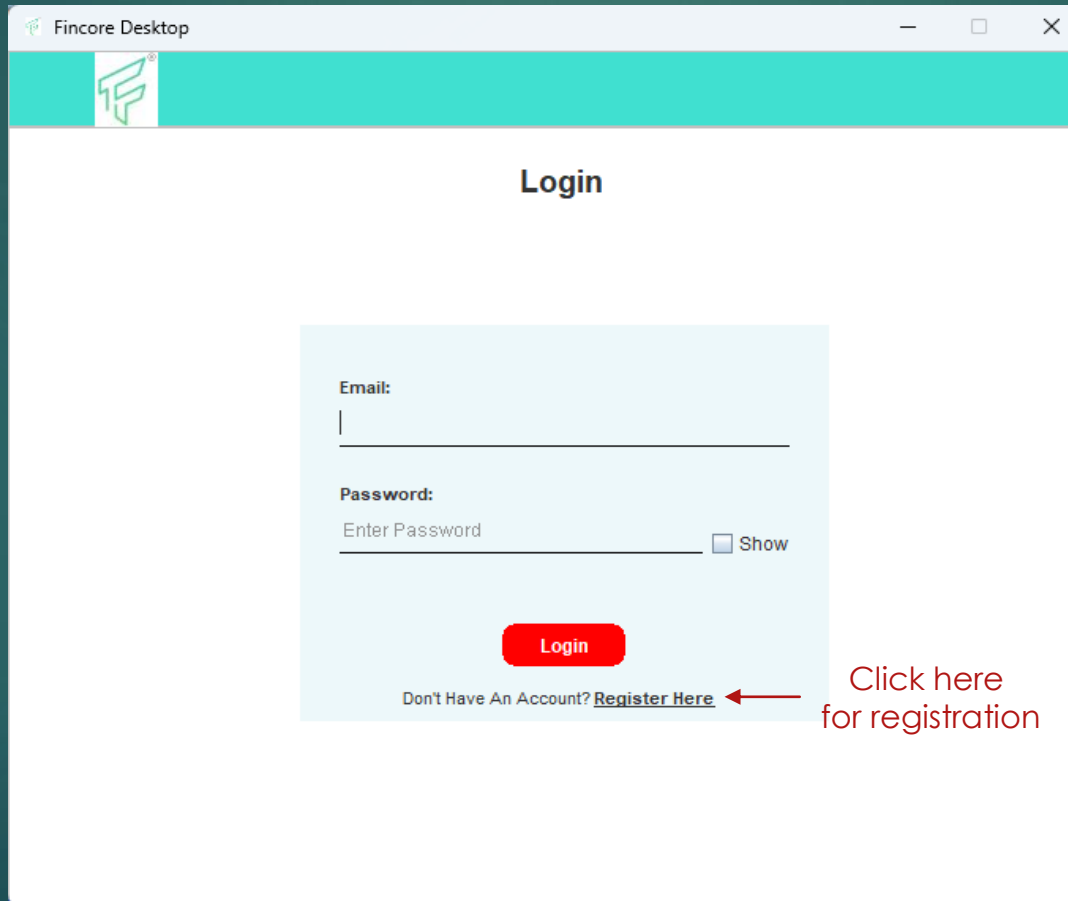

1. Simply open your PC/Server browser where your Tally software is installed and visit the URL which is mentioned below:

2. From the webpage, Click on Desktop Application to download Fincore Desktop (Tally data synchronization application).

3. After download is complete, Run Setup file and complete the installation process.
4. Once installation is done, Open Fincore Desktop Application and follow below steps for registration:

The screenshot shows the Fincore Desktop application window. The title bar reads "Fincore Desktop". The application has a teal header bar with the Fincore logo on the left. The main content area is white and features a "Login" heading. Below the heading is a light blue login form. The form contains an "Email:" label with a text input field, a "Password:" label with a text input field, and a "Show" checkbox next to the password field. A red "Login" button is positioned below the password field. At the bottom of the form, it says "Don't Have An Account? [Register Here](#)". A red arrow points from the text "Click here for registration" to the "Register Here" link.
